Election/Restrictions

1. Newly submitted claims 25-100 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the new claims 25-100 directed to a method for receiving from a subscriber unit a request for a list of available channels and classified in class 370, subclass 485 and is distinct from the invention originally claimed wherein the claims 1-24 (now canceled) is directed to a method distributing multicast header information representing multicast services available to end user units and a user selecting one of the multicast services, which is classified in class 370, subclass 312.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 25-100 withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

2. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
